# Chesapeake

The perfect combination of  
strength and styling!

**ATLANTIC™**  
ABOVE GROUND POOLS

# Chesapeake

Silhouette wall with pearl frame

## Top ledge and uprights

- 9" steel top ledge
- 8" steel uprights
- Sturdy steel frame

## Gibraltar Buttress-Free system

- An exclusive buttress-free system.
- Maximizes yard space by eliminating unsightly struts.
- Oval pools only.

The **Gibraltar Buttress-Free** is an oval system that does not require angle side supports, which take up extra yard space. This unique system delivers unsurpassed structural strength without visible supports. This attractive streamlined appearance takes up less valuable yard space.

## Omega Stabilizer

Only Atlantic pools feature the self-supporting omega stabilizer bar developed to simplify homeowner installation. The ease of assembly has made Atlantic pools the number one choice of many professional installers.

## All-Weather Protection

The top ledges and uprights on every Atlantic pool undergo a state-of-the-art protective treatment process. In addition, they are coated with Texture-Kote. This combination provides incredibly long-lasting, all-weather protection with added resistance against corrosion, scratching and damaging UV rays. Atlantic's unique quadra-fold system and bolting pattern provides maximum wall joint strength.
