

BACKYARD LEISURE POOLS

HERITAGE RTR

Superior Design

Unlike other pools on the market, our high performance, extruded resin top ledges offer superior corrosion resistance and doesn't heat up in the sun as do typical steel top rails. Plus the two-piece injected molded ledge covers and steel Krystal Kote uprights combine superior design elements for superior long-term performance of this pool for you and your family.

HERITAGE RTR

Style & Strength

The engineering details of this pool make it one of our best sellers. Using an interlocking steel stabilizer at the top of the pool combined with a hardware-free 'Snap-In' resin bottom cuff ensures a stronger, faster installation with superior stability.

Even the Ivory color scheme of this pool was chosen specifically to enhance your home and match the latest backyard décor.
